

1. Sastavi račune iz brojeva:

$$8, 48, 6 \quad \boxed{6} \cdot \boxed{8} = 48 \quad \boxed{8} \cdot \boxed{6} = 48$$

$$\boxed{48} : \boxed{8} = 6 \quad \boxed{48} : \boxed{6} = 8$$

2. Dopuni tablicu.

x	2	6	8	4	10	9
4	8	24	32	16	40	36
8	16	48	64	32	80	72
3	6	18	24	12	30	27
5	10	30	40	20	50	45
7	14	42	56	28	70	63

3. Izračunaj.

$$4 \cdot 2 \cdot 2 = 16$$

$$8 \cdot 1 \cdot 4 = 32$$

$$1 \cdot 5 \cdot 3 = 15$$

$$9 \cdot 2 \cdot 1 = 18$$

$$2 \cdot 3 \cdot 3 = 18$$

$$7 \cdot 8 \cdot 0 = 0$$
